

Science

This term in Science we will be learning about Animals including Humans. We will be identifying, drawing and labelling the basic parts of the human body and say which part of the body is associated with each sense. We will describe and compare the structure of a variety of common animals.

We will also be observing weather associated with the season of Autumn.

Geography

In Geography we will be exploring our local area of Bearpark. We will be recognising familiar places in our local area and use maps to gather information. We will be locating places and landmarks on a map. We will be using simple fieldwork skills to study the geography of the local area We will recognise housing types and be able to plan a route using field work skills appropriately.

Art and Design

In Art we will be using the work of artists to replicate ideas and inspire our work. We will be looking at the work of Jackson Pollock and Van Gough. Children will be learning how to hold a brush correctly and considering consistency when applying paint. Children will also experiment with the amount of paint applied and develop control. We will be able to create different portraits using a range of techniques.

History:

In History, we will be exploring toys from today and understand some of the ways in which we find out about the past by identifying different sources. We will learn about toys and historical artefacts from the past and be able to answer questions. We will compare similar toys from different times and compare Victorian toys with modern toys. We will recognise how toys have changed over time and use words relating to the passing of

Computing

In computing, children will understand what algorithms are; how they are implemented as programs on digital devices. Children will use technology safely and respectfully, keeping information private; identify where to go for help and support about content or contact on the internet or other online technologies.

Religious Education

In RE we will be looking at Christianity and finding out what we can learn about Christianity from visiting a church. We will be learning about what Christians believe about God.

Music:

In music we will explore different sounds. We will explore how to make, change and combine songs to make music using percussion instruments.
