

My Year 3 Learning Journey Grid. Week Beginning 29.06.2020

MATHS

Over the next couple of weeks our learning in maths will be focused on Measurement – Mass and Capacity. I would like you to continue to use The Oak National Academy resources, there is a video lesson for every day with activities to complete. Go to: <https://www.thenational.academy/online-classroom/year-3/maths#subjects> scroll down the page until you get to the lessons 'Measure: To read a scale'. There are 3 lessons on this, these are then followed with lessons on 'Measures' - there are 10 lessons to complete on this.

Daily lessons are still available at: <https://www.bbc.co.uk/bitesize/dailylessons> if you would still like to complete these as well.

Remember you can access Top Marks, Numbots and TT Rock Stars to practise all of your other maths skills. I'm keeping an eye on who is logging on to TTRS – keep practising!

Geography

Research information about the 7 continents of the world. Try to include: Population, rivers, climate, countries. Use the learning grid on the next page to help you.

Practice these fun songs and learn about the continents and the oceans:

Continents: <https://www.youtube.com/watch?v=K6DSMZ8b3LE>

Oceans: <https://www.youtube.com/watch?v=X6BE4VcYngQ>

This game can help you learn the countries of Europe:

https://www.sheppardsoftware.com/Europe/Eur_G2_1024_768.html

Art

Create a self-portrait in the style of Andy Warhol.

Science

We have some rain due this week so attached is an investigation to create your own rain cloud in a jar.

You can watch this YouTube clip on how rain really falls and the water cycle:

<https://www.youtube.com/watch?v=zBnKgwnn7i4>

Wellbeing

Why not try one of these activities to help keep you happy, healthy and busy:

- Listen to music that makes you feel good
- Write a note or a letter for a friend
- Draw a picture of 5 things that you are thankful for
- Make a list of things you are looking forward to

SPELLINGS

Practise these words from Monday-Thursday and ask someone to test you on them on Friday. Once you've gone through the correct spellings, write a sentence using each word correctly:

Words ending in '-ture'

- lecture
- literature
- mature
- miniature
- mixture
- moisture
- sculpture
- signature
- temperature
- texture

Practise these words and include them on your test:

- Statutory spellings:
- different disappear
 - early earth enough

ENGLISH

For English this week, I would like you to continue to use The Oak Academy resources.

Follow this link: <https://www.thenational.academy/online-classroom/year-3/english#subjects> and scroll down until you see **Letter**- this is your learning focus for this week and it's a cracker and lots of fun.

There are 5 lessons with Mr Mac starting the week with a reading comprehension - you will be adding a new invisible skill to your Reading skills. In the next lesson with Miss Cleasby you will look at word meaning skills within reading – her word of the day is an adjective that could be used to describe my class 😊. Mr Phillips then arrives to help you identify the key features of a letter, before you do some SPaG on subordinate clauses with Mr Mac. In your final lesson of the week Mr Mac puts on his positivity wig and helps you prepare to write your letter.

I'm looking forward to reading some of your letters.

Have a great week, Miss H 😊

READING

You should now be ready to read Chapter 3 of Mayflower Stowaways is now live. William and Alice must pass a dangerous test if they want to be part of the crew. But what is Tobias really up to? There's a storm brewing on board ship...

Read the chapter and take the quiz at the end, remember to cast your vote on how the story continues. Now have a go at these comprehension questions on the chapter:

1. Why is it dangerous for the children to climb up to the crow's nest?
2. Who might be able to help William and Alice in the future?
3. Which words tell us that William and Alice are scared?
4. Find and copy three phrases that tell the reader there is a storm.
5. Find and copy three words to do with ships.
6. Did Ezra really have a dream?
7. Why do Ezra and Tobias break the main beam?

Remember to read for at least 20 minutes every day, try a quiz on AR if you can and, if you are on Lexia, complete your target minutes for the week.

Continents of the World

Name: _____

Instructions: Use the internet to find the facts to fill in the table below.

Fact	Europe	Asia	South America	Antarctica	North America	Australia/Oceania	Africa
Area							
Population							
Highest peak							
Longest river							
Tallest waterfall							
Climate/s							
Largest country							
Interesting fact							

Rain Cloud in a Jar

You will need:

- A glass or jar
- Shaving foam (not the gel variety)
- Food colouring (blue if possible!)
- Water
- Small bowl
- Pipette or spoon

1. Fill the glass or jar with water, leaving about 2 inches at the top.
2. Add the shaving foam so it looks like a cloud and let it stand for a few minutes until it is fully sitting on top of the water.
3. In the small bowl, add some water and blue food colouring (or other colours if you want rainbow rain!)
4. Use the pipette to add drops of the mixture to the top of the shaving cream cloud.
5. Observe your 'rain' as it breaks through the cloud!

THE SCIENCE

The shaving cream represents the clouds and the water represents the air. The coloured water represents rain. As the coloured water saturates the "cloud", it gets heavy and eventually is so heavy that it can no longer hold the water. It "rains" down into the jar – through the "air." It is just like real rain as it falls through the air.
