

My Reception Learning Journey Grid. Week beginning 6.7.2020

Please email me if there is anything that I can help with. Have a lovely week, Miss Wallace ☺

Phonics/Spelling

Log on to Phonics Play – online phonics games- (Free access using the username march20 and password home).

Play the online game 'Picnic on Pluto'. If not online, write some real and nonsense words on card. Your child needs to read them and then sort them into the 2 group...one for the alien Obb and one for the alien Bob (just like the buried treasure game).

Think about the digraphs: sh, ch, th and ng. Invite the children to go on a digraph hunt, drawing and labelling objects around the house that include those phonemes.

English Listen to 'The Lighthouse Keeper's Lunch'

You will find it here: <https://www.youtube.com/watch?v=46wCRq50Wwg>

Can you retell the story to an adult?

Can you draw images of the main characters/objects/settings from the story?

Can you use your phonics to write captions for your pictures?

Maths

<https://whiterosemaths.com/homelearning/early-years/>

Children count reliably with numbers from one to 20, place them in order and say which number is one more or one less than a given number.

- Ask your child to get a group of objects and say what would be one more
- Practise recognising amounts up to five or up to ten by playing these games.

<https://www.nctm.org/Classroom-Resources/Illuminations/Interactives/Ten-Frame/>

This can also be done by reading a dice when playing board games, playing with cards, identifying how many food items on the plate etc.

- Use the tens frames
<http://www.ictgames.com/mobilePage/tenFrame/index.html> to subtract/take away numbers. CHALLENGE: Ask your child to write the accompanying number sentence e.g. $10-1=9$.

Expressive Art and Design

Can you decorate and make your own kite then test it out in the wind?
